CHEESES – SAUCISSE & MORE...

# La Péniche Vintage

The first „tasting“ boat in Europe!

A unique concept in Luxemburg for treating yourself to some time out in a cosy ambiance and getting to know some products of our Greater Region.

Luxemburg is not only known as a tax haven and for its financial market but is also busily engaged in the agricultural arena and the production of regional culinary products such as wines, beers, schnapps, liqueurs, juices, dairy products, teas, cheeses, meat, honey, jam, herbs, pasta varieties and much else besides...

We would like to introduce you to some producers from the Greater Region, Luxembourg, Lorraine (FRA), Saarland (DEU) and Rhineland-Palatinate (DEU) by giving you the opportunity to sample a wealth of regional products, and of course purchasing them from local outlets.

We offer you a “delicious tasting” where for an hour you can try various regional products from our range, all at a cost of €25 per head! During this time, we offer you a platter with various delicacies to acquaint you with the region’s quality products.

For our degustation-beginners we also offer a “discovery tasting” where you can try for 30 minutes some of our products of the Greater Region, all at a cost of €14.

Even the furniture and fittings aboard „*Péniche Vintage*“ are for sale, so if a piece of furniture or decorative item catches your eye you can immediately claim it for your own.

Take a seat in the lounge, in the conservatory or on the beautiful terrace, enjoy the Moselle region with its vessels and leisure craft and just let your mind wander.
